

The Junior League of Stark County, Ohio, Inc.

Presents

A Red Carpet Gala

February 28, 2015

Welcome to A Red Carpet Gala

Welcome to this year's Junior League of Stark County *A Red Carpet Gala*! The Junior League of Stark County has been serving the community for over 78 years and this Auction and Gala is the biggest fundraising event held on behalf of our organization. The Junior League is an educational, charitable women's organization aimed at improving communities through voluntarism and building their members' civic leadership skills.

This Gala would not be a success without our dedicated members and supporters. Many of the items and services you have the opportunity to bid for tonight are contributions from community businesses and individuals. Some are new supporters and many have been generously contributing for years. We hope you will continue to support them as a community!

An event like this does not take place without countless hours of planning. I would like to convey special thanks to the Major Fundraising Committee. This evening would not be a success without the hard work, perseverance, and attention to detail of this amazing group of women. I am blessed to work alongside each and every one of you. I also need to thank my family, especially my husband Tony, for his support and love.

It is our sincere hope that you enjoy this fun-filled evening! As you participate in our festivities, please remember that you are making a positive difference in the lives of those who need our help most in our community!

Thank you for your generosity tonight!

With Gratitude,

A Message from the President

Welcome! Thank you for joining us to celebrate and support Stark County's most vibrant and impactful service organization! For more than 78 years, area women have joined together to better the communities in which we live through innovative programs, desperately needed service projects, and by developing confident and informed civic leaders.

In the last several months, we have partnered successfully with Habitat for Humanity and Troop and Family Assistance of Northeast Ohio, with two additional Done In A Day projects and a Provisional Class project on the horizon. We are also extremely excited to begin our work on what will undoubtedly be a huge undertaking: a multi-year Adopt-A-School project that will likely involve everything from physical improvements in the form of building and grounds updates, to furnishing supplies, working hands on as tutors and mentors with children, and facilitating educational opportunities for children, parents and staff alike.

In addition to our work in the community, we are continuously working to develop the potential of women and promoting voluntarism. One facet of our plan includes awarding the first Junior Leaders Service Grants, through which we intend to fund two projects conceptualized and led solely by young women.

As we approach our 80th anniversary, we are cognizant of how different life is than it was in 1915, when a small group of women came together to form The Junior Service League. We know certain issues are more prevalent, that members have more activities competing for their time, and that donors have more organizations asking for their help. Whether you are here this evening as a member, a friend, a community partner, or a donor, I thank each and every one of you for your contributions to our success. We truly could not do what we do without your support. Again, thank you, and welcome!

Cara Beisert
